AL FRESCO DINING

BBQ

GARDEN AREA & BBQ

Our garden is low maintenance and has a large patio with 6 x sun loungers, internal open terrace with rattan dining table and relaxed outdoor seating. Cushions for loungers are stored inside the villa.

POOL

The pool is heated and covered. The cover keeps the water at a perfect temperature for bathing when not in use. **The cover should be returned when you are finished using the pool for the day, particularly during night time.** Please take care when returning the cover, both of the cover itself and the trolley, this ensures its longevity for future guests.

AL FRESCO DINING

Outdoor tablemats, high quality plastic glasses and a melamine dining set can be found for outdoor dining in the kitchen. **Please do NOT take glass of any kind outside.**

BBQ

The BBQ is perfect for cooking in the wonderful Fuerteventura climate. We hope you enjoy outdoor cooking during your stay but ask that you ensure the BBQ is cleaned after cooking and particularly before your departure. **A 50 Euro charge will be taken off your deposit if specialist cleaning is required.**

FUERTEVENTURA RESORT AND GOLF COURSE ELBA PALACE HOTEL AND CLUB HOUSE SHERATON HOTEL AND SPA

FUERTEVENTURA RESORT

AN OASIS IN THE CANARY ISLAND OF FUERTEVENTURA.

Our villa is on the Fuerteventura Golf Resort, a green oasis in the middle of an island of great natural beauty, declared a Biosphere Reserve by UNESCO. This resort is on one of the best golf courses of the Canary Islands, which has hosted the Spanish Open, with 22 ° C average temperatures, so you can play golf 365 days a year. The course includes waterfalls, palm trees, lakes and native vegetation down to the ocean. It's a quiet place, safe and environmentally friendly, capable of offering everything you need.

There are four exceptional hotels within the resort of 4 and 5 stars category: Hotel Elba Palace Golf (Club House of Fuerteventura Golf Course), Hotel Elba Carlota, Hotel Elba Sara and the magnificent Sheraton Fuerteventura.

The shopping centre Atlántico offers a variety of entertainment options (restaurants, cinemas, supermarkets, American bowling) and nearly a mile of soft sand and clear water on a quiet beach, protected from waves for families to enjoy a tropical paradise where the sun always shines.

The resort is located in the area of Antigua, it's main town of Caleta de Euste is a mere 15 minutes walk away, with easy access to Caleta's famous beaches, water sports, Marina and Harbor. The capital of Fuerteventura is Puerto del Rosario and where the International Airport is located which is a short 15 min drive from the resort.

GOLF COURSE

Fuerteventura Golf Club is the first 18-hole golf course in Fuerteventura and the venue for the Spanish Open tournament in 2004.

It is one of the most outstanding in the Canary Islands, designed by the renowned Juan Catariusu.

This unique 18-hole course offers an exceptional practice area, driving range with more than 50 positions, 800 m2 putting green, green approach, practice bunker and Pro Shop.

Holes 1 to 10 begin facing the ocean and return to the same starting point. The round runs next to 3 lakes connected to a small channel. The fairways, tees and the rough present very well kept lawns with its 67 bunkers integrated into the design of the course. The course fairways are up to 50 m in width with spacious greens of an average 614 m2.

To book tee times and find out further information see the website below:

ELBA PALACE HOTEL AND CLUB HOUSE

The Elba Palace Golf & Vital Hotel is a sumptuous golf hotel, which hosts the Clubhouse, Pro Shop and 19th Hole Golf Bar. This Golf Hotel is designed with spacious balconies and a traditional Canary style courtyard. The hotel is a member of IATGO and PGA and has an extensive wine cellar, swimming pool, relax area and top quality restaurants offering excellent local and international cuisine. The hotel is a short walk from our villa.

There is a lovely coffee shop at the driving range for your enjoyment.

The hotel offers a Golf Desk service, transfers to other courses on the island and special benefits for golfing groups and professionals such as reserved areas, early breakfasts and picnics.

SHERATON HOTEL AND SPA

The Sheraton Hotel and Spa incorporates a wellness center of 1000 meters and the Hesperides Thalasso Spa, which offers a variety of relaxing beauty treatments.

Delight your palate at any of their four restaurants, which serve International, Local, Mediterranean or Asian cuisine, according to your preferences, or enjoy an evening of local entertainment and a refreshing cocktail in one of the bars.

Atlántico Fuerteventura

Shopping for tourists and residents

www.ccatlanticofuerteventura.com

This Shopping Centre forms a part of a unique complex on the island: The Fuerteventura Golf Club and Resort. The centre offers views over a beach more than one kilometer long.

There's a range of restaurants at the Atlántico - Ocean View, Bocatta, Hong Kong etc. and a Burger King. On the other side of the centre is the island's only MacDonalds.

With 600 free parking spaces and a large external square for events, its commercial space includes 6 cinema screens, a supermarket and 43 retail outlets, covering the needs of local residents and tourists since its construction in 2006.

Caleta de Fuste

The town of Caleta de Fuste has for some reason many names, such as Caleta de Fuste, Caleta, El Castillo (because of the 17th century fortification) and most recently Costa Caleta. The local Spanish people call it just "Castillo".

There are excellent restaurants and shopping in Caleta. Shops in Caleta de Fuste are open all day until 10pm, however some local shops do close for siesta time between noon and 4 pm.

See places to eat in the following pages for restaurant suggestions and reviews.

THE ISLAND OF FUERTEVENTURA THE CANARY ISLANDS

With three thousand hours of sunshine a year, Fuerteventura is the closest Canary Island to the African coast with only 100km separating the 'Punta de la Entallada' from Cape Juby in Morocco and is the second largest (after Tenerife) of all the islands. Approx 98km long and 30km across at the widest point.

The weather conditions of Fuerteventura are very similar to Florida and Mexico, which are on the same latitude making this island the ideal holiday location. There is no other island in the Canaries with as many enormous sand dunes and long sandy beaches (more than one hundred and fifty). Even though most of the land on Fuerteventura consists of stone and rock, this island has some of the most impressive beaches in the whole of Europe.

In the history of time Fuerteventura is generally regarded as the oldest of all the Canaries and its strange contours come from various volcanic

episodes. The last eruption occurred about 7,000 years ago so you're pretty safe! Should you wish to see some volcanic activity take a trip to the neighboring island of Lanzarote, it's well worth the effort. You can take a 35 min ferry to Lanzarote daily. You can also take a short boat trip over to the small island of Los Lobos (only 6sqkm) and really get away from it all.

Water sports are very popular in Fuerteventura. Every year hundreds of surfers, windsurfers, kite surfers, and divers descend on Fuerteventura and during July the island is host to the P.W.A world windsurfing speed and slalom event at Sotavento in the south.

The Canary Islands consist of seven different islands from largest to smallest as follows: Tenerife, Fuerteventura, Gran Canaria, Lanzarote, La Palma, La Gomera and El Hierro. The islands are an archipelago and also include a number of islets. The islands have a subtropical climate, with long warm summers and moderately warm winters.

LOCAL RESTAURANTS, CAFES AND BARS

FADO ROCK –Steak House

This restaurant has an excellent extensive menu with food to match. While you wait for starters you are given bread and accessories, which is enjoyable. All of the food we have received was well cooked and well presented. The mixed grill on a stone is really tasty and keeps the meat hot. It can get busy during peak season and does not take bookings but if you can eat earlier than 6pm or later then 9pm it is easier to get a table, off-season is usually no problem at all.

Hopscotch-British and Spanish Cuisine

Visit Hopscotch for a break and taste perfectly cooked fillet steaks, sea bream and belly pork. The truth is that you will really like good pudding. It's nice to order delicious wine.

This place is well known for its great service and friendly staff, that is always ready to help you. This spot offers you reasonable prices for tasty meals. The nice decor and enjoyable atmosphere let guests feel relaxed here.

15- International Restaurant and Bar

The food is excellent at 15 and so is the service. The staff will explain the rationale behind the menus (15 dishes, no 15 was the newest addition) I had salmon in prawn sauce cooked in pastry and Keith had steak. Justifiably the number 1 restaurant in Caleta!

FUSION 22- Indian Restaurant

Absolutely amazing Indian food here, we always eat here when we are back in Caleta de Fuste and cannot fault it, they treat the customers so well and not too badly priced either would recommend anyone to come here! You won't be disappointed!

NESTORS-International Restaurant

Nestors is very popular and rightly so as the service, food and value for money are all good with plenty of room to dine in the restaurant. Certainly worth a visit and make sure you try one of the distinctive and unusual dishes that you won't find on many other menus. The accompaniment selection of salad, rice, vegetables etc. is also a distinctive touch.

SELECTED TRIPS AND PLACES OF INTEREST

OASIS PARK- Zoo Reserve

There are many animals at the Oasis Park Zoo including Hippopotamuses, Giraffes and over 200 different species of birds! As well as the zoo, the park also has a botanical garden centre, Sea Lions and a variety of other shows. You will enjoy an unforgettable day visiting one of the most important projects created to protect and preserve the unique flora and fauna of the Canary Islands. FREE BUSES run from the Atlantico Centre where there is also a booking office for tickets.

SALT MUSEUM

The Salt Museum, located at the entrance of the small fishing village of Las Salinas del Carmen (within 2 km. of Caleta de Fuste) is an example of the educational role of the Network of Museums Fuerteventura. It occupies the old Salinas de Antigua; opened in 1910, and acquired in the late 70's by the Cabildo of Fuerteventura, to publicize the importance of this element. It has a museum and tour.

BEACHES

Fuerteventura's main tourist attractions are the spectacular beaches that line its shores. Here you can experience all kinds of activities, from scuba diving, to surfing, kiting, fishing, and beyond. Some beaches are not swimmer-friendly, so ask before you go. If you want to go with your kids, pick a family friendly beach, where the little ones can enjoy themselves out of harm's way eg Costa Calma, Jandia, Playa del Mal Nombre and our local beach at Costa Caleta.

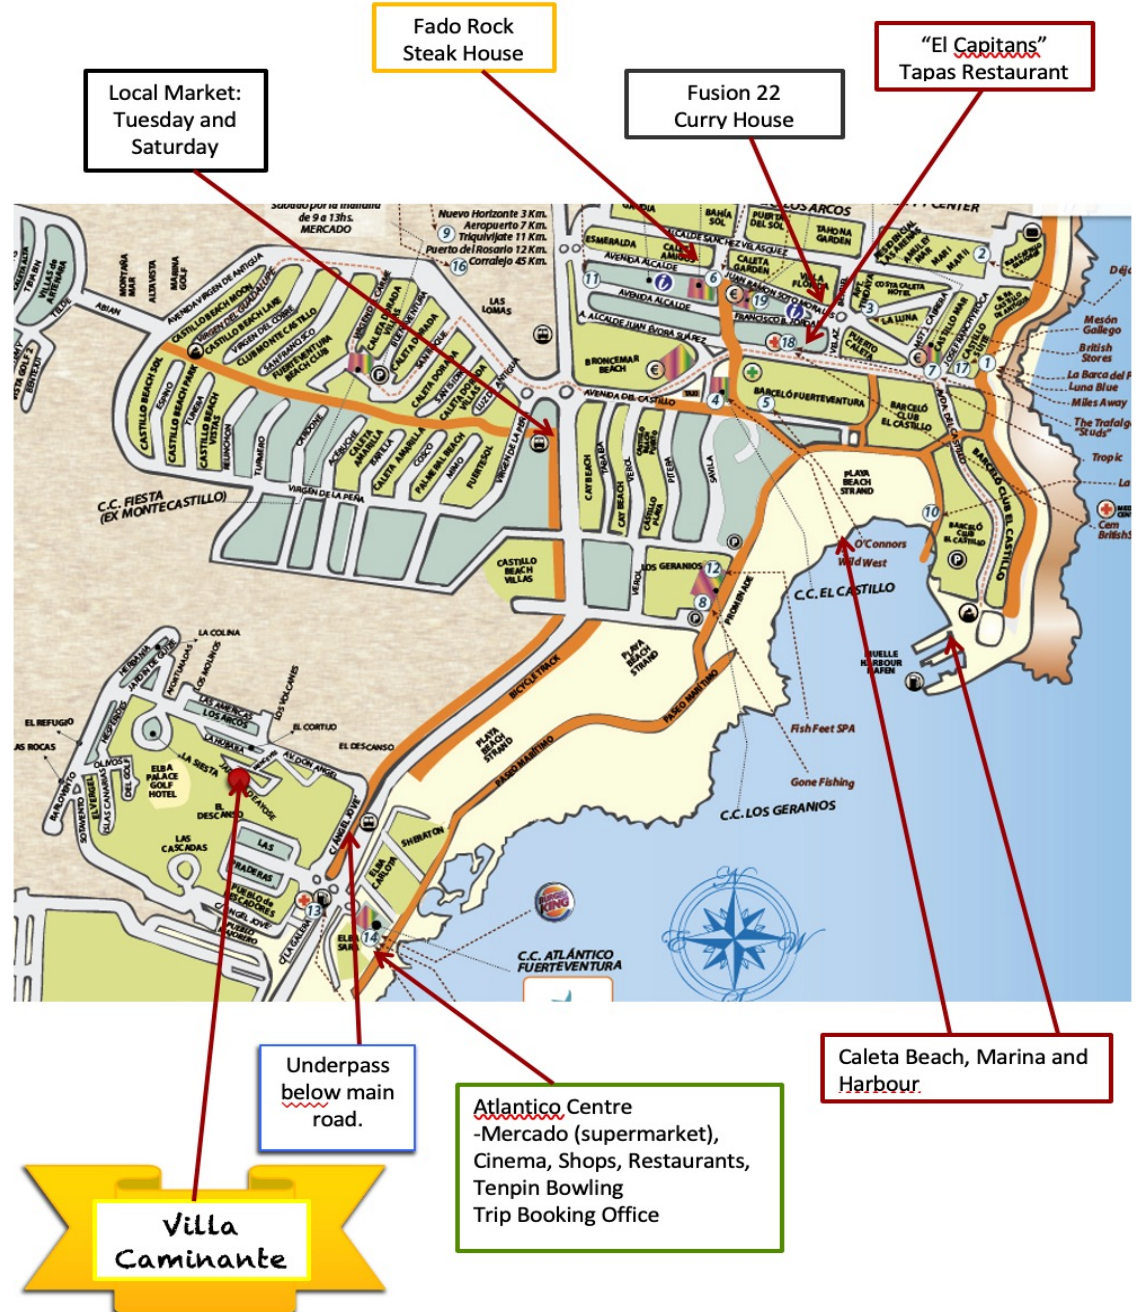

ACUA WATER PARK

As a family we thought the water park was great fun, lots to do for the whole family. The food was good and the staff were very polite and spoke really good English. I noticed a kids club for smaller children. We would recommend the park to all young and old. Regular buses and bus trips run from local sales points in Atlántico and Caleta.

Lobos Island Round-Trip Ferry Ride from Fuerteventura

The uninhabited Isla de Lobos, just 4.4 km sq. and barely two kilometers off the coast of Corralejo resort, is one of the top attractions in Fuerteventura. Isla de Lobos is a great place for hiking and excursions, and there are several excellent dive sites around its coast. Excursions including a round trip ferry can be booked locally at various places in Atlantico and Caleta.
